About This Game

The action of the game Fog Of War takes place during the Second World War.
Early Sunday morning, June 22, 1941, Germany, with the support of its allies - Italy, Hungary, Romania, Finland and Slovakia - all of a sudden and without warning attacked the USSR and began the Great Patriotic War.

You can play the game alone or with your friends. Occupy strategic positions, move by feet or take transport. You may join existing groups or create your own, use any techniques and teach them to your allies. Each character has unique set of weapons and transportation, you can use any of them. But you need to benefit your team and your options will depend only on your personal performance. Now you know why you're here. Join any squad and show what you can do.

During the game you can unlock anything that affects the process of the play. Varieties of items, will be available to purchase: jewelry, additional content or media content, or anything else. But opportunities to influence the gameplay will not.

Whoever you choose to play with you will earn experience points. You can gain this points by increasing the level of your account,developing your skills and completing daily quests. Further, for the experience earned by your character you can purchase any additional features.

Fog Of War is the first-person game. Management is easy to learn for experienced players and beginners as well.
